Suicide at Richmond.

Mrs. Laura Walker Chenault, aged twenty-six years, wife of Thos. D. Chenault and daughter of J. Stone Walker, committed suicide at Richmond Sunday by taking carbolic acid. Mrs. Chenault was separated from her husband a few weeks ago, but the immediate cause of the act was the refusal of her little six-year-old boy to enter the room to see her.

A number of Clay City folks will attend the State fair at Lexington to-day.

Our School Troubles.

After teaching but one week as first assistant in our city school, Miss Margaret D. E. Wilkie resigned that position Friday and returned to her home at Lexington where she has a position as teacher at advance of salary over what she was receiving here. This makes four resignations in our school and but one week taught yet. The position has been supplied by a Miss Tracy, of Lexington, and the school is going on nicely again.

Mrs. Lou Groves has recovered from a light attack of fever.

Mr. W. A. Hoskin, who has been in feeble health for some time, is very low and it is feared he cannot last many days.

Mrs. Carrie Groves has returned from St. Joseph's Hospital, Lexington very much improved under the treatment received.

W. S. Niblack, formerly of this city, who went out West a few weeks ago to investigate some government land opened for homestead, has returned well pleased with Kentucky.

There is a large crop of partridges most every where this year, and under the new game law it is hoped to preserve them until the proper time. There is now no excuse for being in the fields with a gun.

"Uncle" Wesley Locknane was in the city Tuesday and informed us that he, as Mexican soldier, had been allowed a pension of twelve dollars per month with \$2,000 back pay. This is good fortune for the old gentleman and comes at an opportune time.

Lexington merchants are making a strong bid for trade in this section. They now offer to pay railroad fare to and from that city to all persons buying goods from certain merchants to the amount of \$25. Our advice to all is to trade at home. Our merchants may have some smaller stocks and we . . . they have much smaller prices.

Representatives of Peters' Cartridges gave a free exhibition in this city yesterday afternoon. Their expert rifle and revolver shot, A. J. Wostchill, performed some most difficult and seemingly impossible feats with the rifle, clearly demonstrating the accuracy of Peters' cartridges, the gun used and the operator.

Montgomery Republicans.

The Republicans of Montgomery county met Monday and nominated the following ticket for county offices: County Judge, John C. Wood; County Attorney, H. Clay McKee; County Clerk, James O'Connell; Jailor, James Roberson; Sheriff, James K. Reed. Mr. Wood, the candidate for Judge, is editor of the Gazette and has served one term as State Railroad Commissioner.

Plant an Orchard.

Each of our farmer readers should, above all, have a first-class orchard of a variety of fruits. Our soil and location is well adapted to fruit culture, and this should be a source of much income for the people of Powell county, instead of importing such a quantity as we do. The season is approaching when it will be the proper time to set out fruit trees, and everyone interested, should write to H. F. Hillenmeyer, & Sons, the leading nurserymen of the State for their fall catalogue. The stock they sell, being grown so much closer to home is far more valuable than other nurseries, whose climate is frequently so different to ours; and besides their prices are much lower because they sell to the planter instead of through agents, thus saving their commission.

Paper From Cornstalks.

Paper made from cornstalks is the latest outcome of American ingenuity. Such paper, it is stated, can be produced at one-third the cost of that from wood fiber and rags. It is said, too that samples of the new paper show it to be equal to the fine goods made from linen. Cost of making paper from cornstalks ranges from \$22 to \$25 a ton, while that from rags or pulp reaches \$60 or \$75. At present it is estimated that 58,000,000 tons of cornstalks rot annually in the field of the Western States. In the new process every particle of the stalk will be utilized. Fine papers will come from the pith, while coarse wrapping paper and box board will be made of the hard outer covering. Other portions of the stalk will go into varnish, powder, gun-cotton, papier mache, cellulose, lubricants and other material.

Home-Coming Week.

Did you know that the last Census shows that there are over six hundred thousand Kentuckians living in other States?

Well, it's a fact!

How many of these former Kentuckians do you know?

The Commercial Club of Louisville wants the names of as many of these as it is possible to get. It desires to extend invitations to every Kentuckian who has moved a

Profits in Poultry.

Last year there were shipped from Morristown, Tenn., 222 carloads of egg and 702 cars of poultry. Which brought in returns over one million dollars. Morristown is in the eastern part of the State and no better situated for such business than Clay City, yet but very little poultry is shipped from Powell county compared with the above figures. Around Morristown is a much poorer farming country than here, but they act sensible and raise that which they can to the best advantage and to the most profit. Let our farmers aid their housewives in the enterprise and we feel sure they will soon be better off.

The attendance at the State Fair at Lexington is very large and everything points to success for the fair. Lexington is a good city and usually makes a success of every public entertainment she undertakes.

Our city has been full of drummers this week, all representing the cheapest and best house on earth.

SPOUT SPRING.

Allen Osborne was in Winchester Monday.

Mrs. Nannie Pryor, who has been quite sick for several days, is about well again.

Mrs. Martha Snowden visited relatives in Clay City the latter part of last week.

Mrs. Belle Burgher and Miss Nora Todd were shopping and visiting in Clay City on Monday.

Berry Barnett has just purchased a new cane mill and is now busy making some choice sorghum.

H. F. Christopher and son, Delbert, were in Winchester the first of the week attending Circuit Court.

Miss Nora Todd visited her sister, Mrs. J. Wilmott McKinney, at Ruckerville, Clark county a few days.

Miss Stella Ashcraft, of Irvin, was the guest of Misses Nora and Amanda Todd a few days last week.

Corn cutting has begun with most farmers who report the yield not so good as it was first thought to be. Molasses making is also in progress.

Berry Stone returned from Sibley, Ford county, Illinois last week where he has been for the past few months. He is now at home with his father, Wm. Stone, at Iron Mound.

The Most Egotistical.

Man is the most egotistical mule on the farm. He will pat himself on the back oftener and give himself more credit than anything as yet invented. Every

the moon he thinks it spites the moon. He plants a handful of seed, and the winds and the rain and the sunshine cause them to multiply, and man gathers the crop, and says, "Behold what I have raised!" He struts like a peacock without having the purple glory of the peacock's feathers. He writes books setting forth what he knows, when he can't answer the questions asked him by his six-year-old son. He laments the ignorance of the savages, and calls it darkness, and his own ideas he calls light. He claims partnership with Deity in owning the earth, and will not even admit that he is only a tenant. He prates about to Golden Rule while dedicating these infirmaries, and secretly prays that some way may be found to enable him and his to forever escape being inmates of such things. In short, man is a cyclone in his own estimation, and less than whirlwind in the minds of others.

Working Against Home.

Those editors who are trying to injure and detract business from Louisville, the metropolis of Kentucky and the city which should be and is the pride of every thinking resident in the State, will find little consolation in the fact that the outlay for buildings in that city the past month was \$1,100,000, while Cincinnati, her strongest would-be competitor, did not have enough building going on to be listed in the large city ring. Louisville's investment in buildings as compared with the same month last year is 199 per cent, which is the largest gain made by any other city in the United States, New Orleans alone excepted. Shame on any Kentucky paper that tries to run down any Kentucky city in favor of Northern competitors.

Politics in Louisville.

The fusion ticket in Louisville, running against the Democratic nominees have opened their cam-

deal of noise as usual. J. T. O'Neil, a renegade Democrat, is leading the fight. He is the candidate for Mayor, and is pledged to support Paul C. Barth, the Democratic nominee. Before he thought the Republicans would give him a place on their ticket, he said he would vote for Barth, and now, that the statement has been thrown into his face since opening the campaign, he says he will keep his word and vote as he first said he would. Funny politics in that.

Compulsory School Law.

Perhaps all the school patrons do not know that in Kentucky we have a compulsory educational law, though not generally enforced.

The law requires that every child between the ages of 7 and 14 years shall attend school for at least eight consecutive weeks in each year. A penalty of from \$5 to \$50 for failure to comply with these provisions is imposed upon the parent or guardian. It is the duty of the board of trustees to see that this law is enforced. The child may be sent to a private school or taught at home, but it must receive an educational training from some source if the law is complied with.

Delaware and Rhode Island, two the smallest states in the Union, are not short on a correct qualification for voters. Before a voter will be allowed his suffrage he must also be a taxpayer of the county in which he has resided for one year.

This should be the law in every State. It would bring into the county treasuries, if such a law were enforced in this State, at least \$150,000 yearly.

Graft is a miserable bad thing in our State, and should be bad when perpetrated at Washington too. The Journal of Graft is the name of a new weekly paper that has recently been launched in the capital city devoted to the exclusive discussion and exposure of graft among government employes. This is a stinging commentary on departmental administration at Washington. If this journal gets in on the ground floor and makes clean exposures of every existing graft, we are sure it will be compelled to double its size the second day, and be changed to a daily before its a week old, if, however, the paper itself doesn't begin grafting by this time.

Providence saves many persons from making a fool of themselves by placing about them such environments that make it necessary for them to behave themselves. The struggle through which we must pass to win our living, has a softening and moral influence over us, and all the limitations to which we must submit, should aid and not discourage us in fighting the battles of life. And as we are enabled to grasp larger and better things, we will also be better able to manage them.

It seems that the Powell county Republicans are determined to put up a ticket to oppose the Democratic nominees. Well, they may do this, but we assure them, that though they may put up the best men of their party in the county, they will have no better showing individually or collectively, than a snow ball would have in Clay City on the fourth of July standing around the Flying Dutchman.

If you are looking for, yet have failed to find a plu-

munerative job, get a position in the Clay City Graded School, and before you have taught a week,

if not before you begin your labors, you will find such position.

Success guaranteed; for particulars and testimonials, address the School Board, Clay City, Ky.

Some of our Republican exchanges who so seriously object to depriving the Kentucky negro of his vote, can proudly point to the shining example of Philadelphia, where the Republican machine has not only deprived "no living man" of his ballot, but for years have allowed 50,000 dead people to keep on voting.

If justice could always be meted out as rapidly as is prospect for that of the negro assaulter, Sam Hise at Winchester, there would be less excuse for lynch law. Still the law in such cases should allow trial and execution in as short time as the formality can be gone through with.

An investment that will help the people by enabling them to help themselves is more charitable than reckless distribution of money would be. It would be more generous a thousand times to pay higher wages and accumulate less than to pay small wages and then build a library.

Powell county politicians declare that the dollar is not so potent in their business as it used to be. In other words they might complain that the price of votes has increased along with everything else they have to buy.

We live in a funny world. If you are not good natured, you are censured, and if you are good natured, you are imposed upon. So there you are.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

Important Memorandum: The paint is the most permanent varnish or lacquer. A pint covers 100 square feet. \$1.00 pint will last five years. The same paint applied by a dealer (\$1.00 pint), \$1.50 pint will last only one year. Thus the "per-pint" cost of the good painter's job is \$1.50—the poor painter's \$1.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only.

Kinloch
HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge. "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

LOCAL BREVIETIES.

Monday and Tuesday were very warm days for September.

Mrs. M. G. Taylor visited relatives in Beattyville last week.

Several from this place are attending the State fair at Lexington this week.

Ex-Sheriff Thos. B. Ware, of Virden, was observed on our streets yesterday.

Mrs. Nannie Wright left Tuesday for Richmond where she will make her future home.

Elder N. McIntosh is attending Circuit Court at Booneville this week on business.

Wm. Stone, a leading citizen of Estill county, was transacting business in the city Friday.

Nelson Abney, formerly of this city, has moved from Phil Campbell, Ala., to Grand View, Tenn.

Mrs. Wm. Snowden, Jr., whose serious illness was noted in a former issue of the TIMES, has recovered.

Miss Grace Russell, of Louisville, is visiting her sister, Mrs. Jas. B. Hall.

The case of diphtheria in this town reported in our last issue, has recovered and there are no new cases to date.

J. T. Hinds, of Corinth, was in the city Tuesday. He was here to look at one of the farms advertised in the TIMES.

The persimmon crop was never larger than this year, so we may expect to have fat possum by the November election.

J. M. Ramsey, formerly of this city, but now cashier of the new Bowling Green National Bank, is dangerously ill of typhoid fever in that city.

C. C. Curtis, of Virden, was in the city Tuesday for the first time since he was taken sick last fall. He has been able to go about for only a few weeks.

The new residence of Mrs. Jennie Russell on Seventh Ave. is nearing completion, and will make a very nice and comfortable home when completed.

Crews Christopher, who left Hardwick's Creek eighteen years ago and located in Eastern Texas, has recently purchased 2,400 acres of land in West Texas for \$10,000.

The Clay City Cornet Band made quite an impression with the people of Beattyville, last week while attending the State Council of the Juniors. The boys have improved a great deal the past few months.

John Coliver, formerly of this city is down with a severe attack of fever at Sardis, Miss., where he recently accepted a position with a lumber concern. We are not informed as to whether or not it is yellow fever.

If you want to always be on time keep your watch in good repair. See Webb.

TO CURE A COLD IN ONE DAY.
Take LAXATIVE BROMO QUI-NINE Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. -25-

Mrs. Charlie Douglas is visiting her father, Matt Conlee, in this city.

Mr. J. D. McKinney, Mr. and Mrs. Hitch, Mr. and Mrs. George Garrett and Mr. and Mrs. Chas. Douglas, of McLean county, Ill., are visiting relatives in Powell and adjoining counties.

We were incorrectly informed last week when we stated that Mrs. Lou Groves would go to live with her daughter, Mrs. Maggie Wills in Clark county. She will make her home with her daughter, Mrs. John M. Kennon, in this city.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

The Grand Council of the Junior Order of American Mechanics held quite a profitable meeting at Beattyville last week. W. J. Mountz attended as delegate from the Clay City Council. The annual meeting will be held at Frankfort next year.

Alice Carlie, little daughter of Mr. and Mrs. C. C. Eaton, has been very sick, but is now much better. Owing to her serious condition, Mr. Eaton, who was in Tennessee on business, was telegraphed for and arrived here on Sunday to find his little girl improving.

John Mize, of Vaughn's Mill, was in the city Friday and exhibited a finely developed pod of ginseng seed. Mr. Mize has a nice little plat of ground in ginseng which promises to soon develop him a snug little fortune. There is good money in raising the seed as well as the root.

Doctors now claim that all malaria comes from mosquito bites, then to prevent mosquito bites is also to prevent malaria or yellow fever. To prevent mosquitoes from your room keep a bottle of essence of pennyroyal left uncorked in the room and no mosquitoes will ever appear.

Attacked By a Mob
and beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25¢ at Swann-Day Lumber Co.'s store.

Don't know whether you've noticed it or not, but it seems like the less a fellow can sing the more he tries.

For Sale—Fine Farm
of 235 acres, 100 acres of which is rich river bottom and bench land, three miles from Clay City. New dwelling, tenant house and all necessary out buildings. Six good springs on the place, convenient to school and etc.; plenty of timber to keep fence up on the place; will grow corn, wheat, tobacco and everything else raised in the State. Will be sold as the whole or divided in two tracts. This is a rare bargain. For particular call on J. E. BURGER, Clay City.

To The Public.

Beginning July 15th., I will start my wool carding factory near Wintersville. Will card for 7½ cents per pound, and where I receive nice clean picked wool will return as many pounds of rolls as I receive wool. LEWIS MASTIN.

The 15th of the month the season for hunting squirrels, rabbits and etc closed and will so remain until November 15th, when the season opens for the killing of quail. The law against killing squirrels and rabbits, was passed to keep hunters out of the field so they could withstand the temptation of shooting quail.

The negro Sam Hisle has been found guilty of rape by the Clark Circuit Court and sentenced to hang Thursday, October 18. The jury trying the case came from Madison county and was out only seven minutes in making their verdict.

GOT OFF CHEAP.

He may well think, he is got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc. 25¢ at Swann-Day Lumber Co.'s store; guaranteed.

C. W. Russell, of Louisville, is in the city on business.

Ever notice that the bigger the drops of rain the further apart they are? Just like men.

LIKE FINDING MONEY.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At Swann-Day Lumber Co.'s store, 50¢ and \$1.00; guaranteed. Trial bottle free.

The dead body of a man supposed to be Ben Ogden, a farm hand was found near Lexington with a bullet hole in the forehead. It is believed he was murdered and robbed.

ARE YOU ENGAGED?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Swann-Day Lumber Co. sells and guarantees them, at 50¢ a bottle.

David Draper, the South African diamond mine expert, has made a report strongly urging the mining of Elliott county diamond fields. He claims the outlook rivals the finest fields in the world.

CURES STOMACH TROUBLES

THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carelessness in eating and stomach disorders upset the entire system. Improperly masticated food sour on the stomach, causing distressing pains, belching and nausea. When over-eating is persisted in the stomach becomes weakened and worn out and dyspepsia claims the victim.

The Dr. Thedford's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Try Thedford's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.

THEDFORD'S BLACK-DRAUGHT

Small Store

Small Expense Small Profits

OUR drug store is small but we carry a full stock of goods that meets every demand of our customers. It is of a quality that you do not find often in even the larger drug stores. Buyers here are absolutely sure that they are getting positively the best the market affords in every line of drug store goods. Because of our small store and small expense we are successful in competing with the big fellows who have big rents and big wages to pay. Our prices are so low and the merit of our goods so great that it will pay you to go out of your way to come here.

The following is one of our offers:

Constipated? Here is a Free Cure.

You have tried pills. You know by your own experience that a physic won't cure. Let experience show you what will cure.

Constipation is the rotting of undigested food in the alimentary tube. This festering, rotting mass makes bad blood, which makes bad health. Constipation causes most sickness. It probably causes your suffering.

Mull's Grape Tonic cures. It is not a physic or like anything else you have ever used. It is a tonic containing special properties of the grape which strengthens the digestive organs and enables them to do their work unaided and properly. No gripping. If it fails, your money will be returned.

We know that Mull's Grape Tonic will cure you, therefore, will give you a large sample bottle of the great remedy if you have never taken it. We only ask that you use the contents of the first bottle as directed. You don't obligate yourself to buy any of the remedy.

Missouri produces 80 per cent of the world's lead and 20 per cent of

all the nickel mined in the United States, while the percentage of lead taken from its mines is nearly as great. The demand for all of these metals is increasing rapidly, and new districts in Missouri are being developed every year.

It is very easy for a man to tell what he would do if placed in the position of some other man.

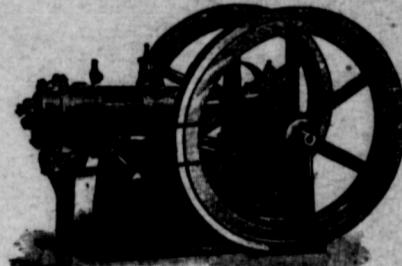

\$600 Given Away.

The Weekly Courier-Journal (Henry Watterson's paper) wants to share the profits of this prosperous year with its subscribers. It proposes to give away twenty Christmas presents, ranging from \$100 to \$20, amounting to \$600 in all. There will be four general presents of \$100, \$50, \$30 and \$20, and sixteen presents of \$30 and \$20 to be given in the states of Kentucky, Indiana, Tennessee, Texas, Mississippi, Missouri, Virginia and Alabama. The plan is fair and simple. Write to the Courier-Journal Company, Louisville, Ky., for a copy of the Weekly Courier-Journal, giving full details. It will be sent free.

There are times when a man doesn't want to come his way—ills, for example.
